AGENDA BILL APPROVAL FORM

Meeting Date: August 21, 2026

Agenda Subject: Resolution No 2026-06

Attachments: None

Budget Impact: None

Background for Motion: This resolution extends the deadline for the Low Income Housing Institute (LIHI) to use the funds SKHHP awarded the project to February 20, 2028.

Background Summary: SKHHP requires Housing Capital Fund awardees to expend allocated funds within three years of the final SKHHP member council action.

The LIHI Skyway project received an award of \$2,800,000 on November 17, 2023, and currently has a deadline of February 20, 2027, to utilize these funds. Due to escalating construction costs and funding complexities, the project is scheduled to close in November 2026.

Granting a one-time extension to February 20, 2028, provides LIHI with adequate time to effectively utilize the SKHHP funds while enabling staff to maintain proper stewardship prior to final disbursement.

Advisory Board Recommendation: the Advisory Board recommends a one-time extension for LIHI to use the funds.

Staff: Dorsol Plants, Program Coordinator

Subregional Credit Background

Policy Shift: HB 1220 transformed Washington's Growth Management Act (GMA) requirements.

From Guidance to Mandate: Moved from simply *encouraging* affordable housing to legally requiring cities to "**plan for and accommodate**" housing for all income levels (Emergency Housing/Shelter, 0-30%, 31-50%, 51-80%, 81-120%, 120%+ AMI).

Subregional Credit Background: Futurewise v. City of Mercer Island

The Mercer Island Ruling & Competing Interpretations

The "Funding Reading"

- *Interpretation:* Cities must guarantee funding or build the housing directly if they cannot otherwise prove affordable units will appear.

The "Capacity Reading"

- *Interpretation:* The ruling was specific to Mercer Island's unique Comprehensive Plan approach; the law only requires honest, detailed planning—not a guarantee of actual construction.

Subregional Credit Background: Turner & Munce v. Anacortes

The Challenge

- Plaintiffs argued Anacortes had to prove funding was fully secured.

The Ruling

- GMA Board disagreed, confirming cities comply simply by analyzing needs, coordinating regionally, and adopting regulations.

Subregional Credit Background: Continued Concerns

[RCW 36.70A.070\(2\)\(d\)\(ii\)](#): Documenting programs and actions needed to achieve housing availability including **gaps in local funding**, barriers such as development regulations and other limitations;
